Subject: RE: DFA's Proposed Custodians & Search Terms for Pls' 2nd Set of RFPs to DFA

Carter,

Two (not three) weeks have passed since my October 6th letter and the conversation between the parties that DFA would undertake to apply Plaintiffs' search terms on a custodian-by-custodian basis. As you are surely aware, it can take time to test search terms, particularly where the volume of documents involved is substantial. This is especially true when testing more than 220 search strings across numerous custodians. At present, we are waiting for client sign off on our proposed position with respect to the search terms and custodians, and we hope to have a response to Plaintiffs in short order. Notwithstanding this search term testing, we continue to review and produce documents, using the currently agreed-upon search terms and custodians. In addition, you will note that our most recent production included documents from two legacy Dean custodians about whom Plaintiffs had previously inquired -- namely, Brent Bunce and Bruce Matson.

Thank you,

Amber

Subject: RE: DFA's Proposed Custodians & Search Terms for PIs' 2nd Set of RFPs to DFA

Amber,

I am writing to follow up on DFA's responses to our September 29 letter concerning DFA custodians and our September 29 proposals for search strings to run against DFA's documents and custodians.

In your October 6 letter declining our request that you run your search terms across all custodians, DFA told us that it would be responding regarding its custodians under separate cover. On our two teleconferences since that letter, DFA has told us that the requested information and the search term counterproposals will be arriving shortly. Given that three weeks have now passed, and the deadline for fact discovery less than a month away, we ask that you provide substantive responses on these subjects by Wednesday.

Best,

Carter C. Simpson

Thanks for sending this last week, Amber. As previewed on last Wednesday's call, attached please find a letter concerning DFA's custodians and Plaintiffs' proposals for omnibus search terms appropriate under Plaintiffs' first, second, and third requests for production (except those subject to the protective order motion). We are available to discuss at your convenience.

**Subject:** DFA's Proposed Custodians & Search Terms for Pls' 2nd Set of RFPs to DFA

Alan and Carter,

Attached please find a list of individuals who DFA believes are reasonably likely to have non-duplicative documents responsive to those Requests within Plaintiffs' Second Set of Requests for Production that are appropriate for custodial review, as well as proposed search terms for identifying documents that may be responsive to Plaintiffs' Second Set of Requests for Production to DFA, subject to DFA's Responses and Objections. The selection of custodians or search terms do not constitute an admission as to the relevance or admissibility of documents containing the proposed terms or of the matters raised in Plaintiffs' Second Set of Requests. DFA reserves the right to amend or modify all proposed custodians and search terms.

Thank you,

Amber
